This follows the conclusion of the review process of speed limits by the committee constituted by the Agency to undertake the exercise.

The speed limits have been adjusted upwards for selected roads as follows:

40 KM/H to 60 KM/H;  
60 KM/H to 80KM/H; and  
80 KM/H to 100 KM/H.

The process of installing the revised speed limits is underway beginning with Great East Road.

This exercise will be rolled out to all the highways and the rest of the Provinces once resources are available.

Motorists are advised to be cautious on the road and follow appropriate speed limits to avoid road traffic accidents.
